

Notice of Revised LDZ Gas Transportation Charges to Apply from 1st April 2009 for East of England, London, North West and West Midlands Distribution Networks

This notice confirms the LDZ gas transportation charges which will apply from 1st April 2009 for East of England, London, North West and West Midlands Distribution Networks. Notice is provided two months ahead of the implementation date, consistent with our Licence and Network Code obligations.

The average changes to distribution transportation charge levels from 1 April 2008 are shown in Table 1. The average level of change to charges across the four networks (weighted by network size) is estimated to be -3.6%.

Table 1. Average Transportation Price Change from 1st April 2009

	East of England	London	North West	West Midlands
Domestic Loads	-14.4%	10.3%	-3.0%	7.1%
I&C Loads	-16.6% to -17.4%	5.7% to 6.7%	-6.0% to -6.7%	2.8% to 3.6%
Average Change	-14.9%	9.4%	-3.6%	6.3%

The CSEP Administration Charge, other administration charges and the Optional LDZ Charge are unchanged.

Current charges were set on the basis of revenue requirements for the six month period from 1 October 2008 to 31 March 2009. The revised charges have been set so as to bring charges into line with the forecast price control allowed revenue for the period April 2009 to March 2010.

The definitive LDZ transportation charges to apply from 1st April 2009 for each network are shown in the attached tables. This document will also be available on the National Grid web site at <http://www.nationalgrid.com/uk/Gas/Charges/NoticeofChange/>

If you have any questions about this notice, please contact me or Stephen Marland, Pricing Manager, tel: 01926 656912, email: stephen.a.marland@uk.ngrid.com
