Notice of Transportation Charges effective 1st April 2009

Please find attached the Notice of Transportation Charges to apply from 1st April 2009 for Wales & West Utilities. We have issued the Notice in order to comply with Network Code which requires us to give two months notice of any changes to transportation charges. Please can you distribute this note and the Notice to all shippers.

LDZ system and LDZ customer charges will reduce by 9.3% from 1st April 2009. This reduction compares to a decrease of 6.6% reported in our Indicative Charges statement issued on 1st November 08.

The principal reasons for the movement from a 6.6% to a 9.3% decrease is that we are estimating a larger over recovery ('K') from 2008/9 than we had originally forecast and an increase to our Allowed Revenue for 2009/10 following the latest review of our mains and services adjustment and our view of our expected performance against the emissions target. The other reasons are as stated in the Indicative Charges Statement.
