

24th November 2006

Dear Colleague,

QSEC September 2006 Allocations

The allocation of capacity further to the September 2006 QSEC auction has now taken place following the application of the tests described in National Grid plc's Incremental Entry Capacity Release (IECR) statement.

Please take this as notice that the capacity allocation within Gemini has now been completed.

The following information will be published by National Grid plc within Gemini and also on the National Grid web site not later than close of business 27th November 2006.

For each ASEP and each relevant period;

- Volume of Baseline, Obligated Incremental and Non-Obligated Incremental capacity allocated
- Revenue from sales of Baseline, Obligated Incremental and Non-Obligated Incremental capacity
- Amount of unallocated Baseline Capacity
- Clearing Price (This will be the same as the highest, lowest and weighted average prices)
- The number of Users who submitted successful capacity bids
- The number of Users who submitted unsuccessful capacity bids
- Where there is an allocation of QSEC in a period - number of Users who submitted bids at each price level

Please note

If you have any queries about the auction process then please contact me on 01926
