Reference: AUGS Table

Date: 23rd December 2011

---

Dear Colleague

Following the approval of the third draft AUGS by the UNCC on 15<sup>th</sup> December the AUGE has added updated estimates of Unidentified Gas to the AUGS including a breakdown by LDZ. The estimated forward SAP price has also been applied to provide the final AUGS table in monetary terms. This document is now published on the Joint Office as version 4 of the AUGS.

The AUGE would like to take this opportunity to thank all the Joint Office, Gas Transporters, Shippers and Xoserve for their support and co-operation during the development of the methodology and look forward to refining the method into 2012.

Yours sincerely

Clive Whitehand  
Senior Consultant
