**Notice of Transportation Charges effective 1<sup>st</sup> April 2012**

Please find attached the Notice of Transportation Charges to apply from 1<sup>st</sup> April 2012 for Wales & West Utilities. We have issued the Notice in order to comply with the Uniform Network Code which requires us to give two months notice of any changes to transportation charges. Please can you distribute this note and the Notice to all Shippers.

We will be increasing our transportation prices by an average of 5.0% from 1<sup>st</sup> April 2012. This final notice is slightly lower than the indicative notice (5.7%) reported in our Indicative Charges statement issued on 1<sup>st</sup> November 11.

The principal reason for the reduction from 5.7% to a 5.0% is that our forecast Collected Income for 2012/13 has increased because of the lower than expected fall in capacity income following the AQ Review in Oct 11. This has resulted in a small over recovery of Allowed Revenue carried forward as negative K for 2012/13.

Following Exit Reform, we will be issuing indicative and final notices in May 12 and August 12 in respect of Exit Capacity charges, effective from 1<sup>st</sup> October 2012.
