Abstract

Tim, Julian, Mike

As indicated at Governance Workstream last week, it is our intention to withdraw Modification Proposal 0003.

As this does not appear on the listing of Mods available to withdraw on gtis system, I cannot do so in this manner.

Please take this note as our formal withdrawal of the Modification Proposal.

Having initiated discussion on a number of areas of the Modification Rules, we are content that any further matters concerning the Modification Rules for the Uniform Network Code are more appropriately processed through the Governance Workstream.

Regards

Mike
