Re: UNC Modification Proposal 0342 “Amendment to the DN Adjustment Window”

Dear Bob

Wales & West Utilities support this Modification Proposal.

NG NTS proposal alters the timeframes (for the issue of indicative statements for Offtake Capacity and/or indicative Offtake Pressures) to be provided by no later than 15 days after the Annual Application Window closes. NTS also propose an extension to the time to resubmit applications (from 5 to 10 business days).

Bringing forward the date of the indicative statement allows more time for DNOs to resubmit applications and for NG NTS to assess them.

This proposal is consistent with SSC A11.1 (a) and (b).

Should you have any questions relating to this matter please do not hesitate to contact me.

Yours sincerely

Simon Trivella
