Re: No 0296 Facilitating a Supply Point Enquiry Service for Non-Domestic Supply Points

Dear Tim,

On behalf of RWE npower, I would like to thank you for the opportunity to respond to the above titled UNC Mod Proposal.

RWE npower support the implementation of Modification 0296. We agree that 0296 improves competition between shippers & suppliers in accordance with SSC A11.1(d).

By allowing competing Suppliers to view commercially pertinent customer details it will facilitate the provision of quotes which are better suited to the customer's specific requirements.

The improved availability of information should mean that suppliers provide more competitive quotes to the customer during the tender process.

We agree that the legal text accurately reflects the intention of the modification but propose that 1.17.9 (c) should read "...where applicable, has promptly provided such....".

Should you wish to discuss any of the above please do not hesitate to contact me.

Regards,

Robin Healey
