

**URGENT MODIFICATION PROPOSAL: 0048**

**SHORT TITLE:** Entry Allocations Close-out Date - May 96

**DATE:** 9th July 1996

**PROPOSED IMPLEMENTATION DATE:** 12 July 1996

**URGENCY:** URGENT

Circumstances:

- Due to inaccuracies in Shippers allocations from the Claims Validation Agents in respect of May 1996.

Procedures followed:

- Representations from CVSL, 8th July 1996
- Proposal to Ofgas, 9th July 1996
- Implementation, 12th July 1996

**JUSTIFICATION:** To allow corrections to errors in May entry allocations. The Claims Validation Agent's first run of May allocations was late due to commitments to March and April close out. The extension is required to correct the inaccuracies.

**CONSEQUENCE OF NOT MAKING THIS CHANGE:**

- Delays in the March and April processes have impacted on the May close out principals processes. There is therefore insufficient time to process allocations to the satisfaction of the CVA principals.

**AREA OF NETWORK CODE CONCERNED:**

Transition Document, Part II, paragraph 8, E1.9.1,

**NATURE OF PROPOSAL:** It is proposed that the entry close-out for may is extended from M + 30 (12th July 1996) to M + 32 (16th July 1996).

This proposal supersedes the following agreed urgent modification 0035 in respect of May's entry close out.
