

## MODIFICATION PROPOSAL

SHORT TITLE: Legal requirement to keep Active Notification Device switched on.

DATE: 17/9/96

PROPOSED IMPLEMENTATION  
DATE: As soon as possible.

### AREA OF NETWORK CODE CONCERNED

Section U paragraph 4.6.4 add the words "and capable of receiving messages at all times"

### NATURE OF PROPOSAL

Include text to make it a Legal requirement to keep the Active Notification Device switched on at all times and able to receive messages.

### PURPOSE OF PROPOSAL

Currently it is not a requirement to keep the Active Notification Device switched on. This can lead to problems in passing urgent messages to Users, as any who do not have them switched on have to be contacted by telephone or Fax.

By making it a Legally binding condition of the Network Code, prompt communications can be made simultaneously to all Users, this will ensure a "level playing field".

PROPOSER : Ian Beaufoy  
POSITION : Operations Manager  
COMPANY : TransCo

### MODIFICATION PANEL SECRETARY'S USE ONLY

Reference Number: 0078

Date Received 18/9/96
