

URGENT MODIFICATION PROPOSAL: 0080

SHORT TITLE: Entry Allocations Close-out Date - August 96

DATE: 20th September 1996

PROPOSED IMPLEMENTATION DATE: 20th September 1996

URGENCY: URGENT

JUSTIFICATION:

Off-shore shutdowns affecting gas flow to the Bacton terminal have resulted in marked changes to entry allocations for Shippers compared with previous months. Shippers have been slow to revise their entry allocation statements to reflect this situation. The Claims Validation Agent therefore requires an extension to close-out.

CONSEQUENCE OF NOT MAKING THIS CHANGE:

There is therefore insufficient time to process allocations to the satisfaction of the CVA principals.

AREA OF NETWORK CODE CONCERNED:

Transition Document, Part II, paragraph 8, E1.9.1,
Transition Document, Part III, S1.4.2,

NATURE OF PROPOSAL:

It is proposed that the entry close-out for August is extended from M + 15 (20th September 1996) to M + 18 (25th September 1996) and submission of the corresponding Energy Balancing invoice is also delayed by 3 working days.

PURPOSE OF PROPOSAL:

To extend the close out period for August to allow sufficient time to process August's allocations.
