

## Decision on Disapplication of Modification Rules received by Email

### 0451(A) - Individual Settlements For Pre-Payment & Smart Meters

**Date:** 02 December 2013

**Organisation:**

Ofgem

**Abstract:**

Dear Tim

On 21 November 2013, the UNC Modification Panel voted to approve the disapplication of the Modification Rules in relation to UNC0451. I can confirm that we agree with the Panel that the rules may be disappplied in this case, as set out in your email below.

As a more general point, I wondered if there may be merit in the Panel/Parties considering if any changes may be required to the Modification Rules, to ensure these facilitate relevant parties being able to take appropriate action in an efficient manner, following a direction by the Authority to send back a Final Modification Report?

Regards

Lesley
