#### Do you support or oppose implementation?

Support

#### Please summarise (in one paragraph) the key reason(s) for your support/opposition.

We support the implementation of this proposal as bringing forward earlier market opening should provide for potentially greater trading and liquidity in the day-ahead OCM market.

#### Are there any new or additional issues that you believe should be recorded in the Modification Report?

No

#### Self Governance Statement:

*Do you agree with the Modification Panel's decision that this should be a self-governance modification?*

Yes

#### Relevant Objectives:

*How would implementation of this modification impact the relevant objectives?*

We agree with the Workgroup assessment that this modification would have a positive impact on Relevant Objective (b) in that it would facilitate the securing of effective competition between relevant shippers

#### Impacts and Costs:

*What analysis, development and ongoing costs would you face if this modification were implemented?*

None anticipated

**Implementation:**

*What lead-time would you wish to see prior to this modification being implemented, and why?*

Implementation should be as soon as reasonably practicable allowing for the impending introduction of the day ahead power auctions in February 2014.

**Legal Text:**

*Are you satisfied that the legal text will deliver the intent of the modification?*

We are comfortable that the legal text should deliver the intent of the modification.

**Is there anything further you wish to be taken into account?**

*Please provide any additional comments, supporting analysis, or other information that that you believe should be taken into account or you wish to emphasise.*

No.
