

# Technical Work Group

## Presentation of 2014 Models

**25<sup>th</sup> June 2014**

# Agenda

- Recap on Timetable
- Summary of 2014 Algorithms
- Summary of TWG responses to proposed Algorithms and Xoserve clarifications
- Conclusions and next steps

# Agreed 2014 Modelling Workplan

- Workplan for 2014 Modelling agreed at Feb DESC meeting
- Workplan aims to provide more transparency of process and introduce checkpoints for DESC/TWG review
  - 2 TWG meetings to date – April and May
  - Further interaction via email

## Small NDM – Summary of Models

	2014	2013
Straight Models	76	69
Cut-Off Only	42	48
Summer Reductions Only	26	31
No Slope	0	0
Cut-Off and Reductions	12	8
Total Number of EUCs	156	156

- Small NDM represents approx. 89% of current NDM AQ

## Large NDM – Summary of Models

	2014	2013
Straight Models	186	176
Cut-Off Only	40	47
Summer Reductions Only	24	25
No Slope	3	13
Cut-Off and Reductions	20	12
Total Number of EUCs	273	273

- Large NDM represents approx. 11% of current NDM AQ

# Approach to July DESC meeting

- Required Outcome – DESC approval of proposed Algorithms, agreement to proceed to wider industry review
- Suggested approach
  - High level summary of process and outputs
  - Summary of TWG involvement and decisions
  - Summary of TWG reps and any agreed actions
  - TWG recommendation
