Draft Modification Report

0489 - EU Gas Balancing Code - Information Provision changes required to align the UNC with the EU Code

Consultation close out date: 18 July 2014
Respond to: enquiries@gasgovernance.co.uk
Organisation: Scotland & Southern Gas Networks
Representative: Erika Melén
Date of Representation: 17 July 2014

Do you support or oppose implementation?

Comments

Please summarise (in one paragraph) the key reason(s) for your support/opposition.

SGN would like to offer comments only to this consultation as we appreciate the requirement of this change due to European Code development but acknowledge that any changes to our forecasting systems and processes will come at a cost to implement.

Are there any new or additional issues that you believe should be recorded in the Modification Report?

No

Relevant Objectives:

How would implementation of this modification impact the relevant objectives?

We agree that this modification will better facilitate relevant objective g) in terms of compliance with European regulations

Impacts and Costs:

What analysis, development and ongoing costs would you face if this modification were implemented?

SGN will have to carry out an impact assessment to establish full costs associated with this change to our processes and systems

Implementation:

What lead-time would you wish to see prior to this modification being implemented, and why?

This modification has to be implemented by October 2015

0489
