

0552:

*UNC Section Y - Housekeeping*

Proposer: National Grid Transmission

Panel Date: 20 August 2015

# Why change?

- Following an ad-hoc review of UNC TPD Section Y, minor errors have been identified, update required to links, along with areas that could be updated for clarification.

# Proposed Solution

- It is proposed to make minor amendments to UNC TPD Section Y.
- Administrative changes eg capital letters for Entry Exit Capacity; Remove links that are no longer applicable; Other corrections eg typo's, clarity on abbreviations.
- Clarifications eg Update dates in the example tables in Appendix B.

# Recommended Steps

- The Proposer recommends that this modification should be:
  - Subject to fast track self-governance and implemented, because it is a housekeeping modification effecting only corrections and removing inaccuracies.
