Support or oppose implementation?	Support
Relevant Objective:	d) Positive

Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)

TGP is in full support of this soft landing approach to ratchet charges that will benefit the customers that may be adversely affected due to the recent disaggregation under Modification 0428. Implementation of MOD 551 will allow time to ensure that consumer loads are accurately reflected at newly de-aggregated meter points.

Implementation: *What lead-time do you wish to see prior to implementation and why?*

ASAP

Impacts and Costs: *What analysis, development and ongoing costs would you face?*

None

Legal Text: *Are you satisfied that the legal text will deliver the intent of the Solution?*
