Date of Representation:	14 th January 2016
Support or oppose implementation?	Support
Relevant Objective:	d) Negative f) Positive

Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)

We support implementation as it is required to implement the UK Link system changes implemented as part of Project Nexus. We believe that the positive impact on efficient administration of the Code (relevant objective (f)) outweigh the negative impacts on completion (relevant objective (d))

Implementation: What lead-time do you wish to see prior to implementation and why?

We support the early implementation of this modification to provide certainty to industry parties.

Impacts and Costs: What analysis, development and ongoing costs would you face?

We have not analysed costs but they will not be material

Legal Text: Are you satisfied that the legal text will deliver the intent of the Solution?

Yes

Are there any errors or omissions in this Modification Report that you think should be taken into account? Include details of any impacts/costs to your organisation that are directly related to this.

No

Please provide below any additional analysis or information to support your representation
