<b>Support or oppose implementation?</b>	Support
<b>Relevant Objective:</b>	<p><b>d)</b> Neutral – We acknowledge concerns around a small extension of the time taken to transfer Shipper Users but feel this is balanced out by implementation aiding the effective implementation of UK Link system changes that form part of Project Nexus, which will have positive impacts on competition.</p> <p><b>f)</b> Positive</p>

**Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)**

Implementation is necessary to facilitate implementation of UK Link System Changes that will form part of Project Nexus.

**Implementation:** *What lead-time do you wish to see prior to implementation and why?*

We agree with the implementation statement provided in the Draft Modification Report, that an implementation before 1 April 2016 would provide additional certainty for industry parties.

**Impacts and Costs:** *What analysis, development and ongoing costs would you face?*

Costs will form part of the overall Project Nexus costs and we agree with the statement provided in the Draft Modification Report.

**Legal Text:** *Are you satisfied that the legal text will deliver the intent of the Solution?*

Yes.

**Are there any errors or omissions in this Modification Report that you think should be taken into account?** *Include details of any impacts/costs to your organisation that are directly related to this.*

No.

**Please provide below any additional analysis or information to support your representation**
