1 Summary

Is this a Fast Track Self-Governance Modification?

The proposer believes this Modification meets the Fast Track Self Governance criteria. The modification has no material impact on any party because is simply aligning the UNC Modification Rules to Ofgem's decision, to replace the Gas Forum with the Joint Office as the 'Designated Person'.

Why Change?

The 'Designated Person' is the individual who performs the User Representative UNC Panel and subcommittee appointment process on behalf of Users. The 'company secretary of the Gas Forum', who previously performed this activity, is no longer available because the Gas Forum has ceased trading. On 01 March 2016 Ofgem's decision was for the Joint Office of Gas Transporters (the Joint Office) to be the new 'Designated Person'.

Solution

The UNC Modification Rules defined term of 'Designated Person' will be updated to identify the 'Chief Executive of the Joint Office of Gas Transporters'.

Relevant Objectives

The proposer believes this modification meets relevant objective f) Promotion of efficiency in the implementation and administration of the Code, as it ensures code is updated to reflect the correct 'Designated Person' information.

Implementation

No implementation date is proposed, although we recommend an implementation date as soon as possible after a Panel decision.

Does this modification impact a Significant Code Review (SCR) or other significant industry change projects, if so, how?

No

2 Why Change?

Annually, UNC Panel members (who automatically become UNC Committee members) and UNC subcommittee members are nominated, elected and appointed using the UNC Modification Panel & Subcommittee – User Representatives Appointment Process. Historically the administration role was performed by The Gas Forum, with the 'company secretary of the Gas Forum' being the Designated Person. As notified on 03 February 2016, the Gas Forum ceased to operate from 01 January 2016. As a result a new 'Designated Person' needed to be appointed by Ofgem to operate the appointment process.

On 01 March 2016, Ofgem appointed the Joint Office of Gas Transporters to be the new 'Designated Person'. Their decision being that it was consistent for the code administrator to carry out this role on behalf of Users.

This proposal seeks to update the UNC Modification Rules to ensure the 'Designated Person' reflects Ofgem's decision.

3 Solution

As per the previous code requirement the 'Designated Person' is an individual, rather than an organisation. Therefore the company secretary of the Gas Forum, is replaced by the Chief Executive of the Joint Office of Gas Transporters. A change to the UNC Modification Rules defined term 'Designated Person' is required.
