

Representation - Draft Modification Report 0587

Seasonal Energy Balancing Credit Cover

Responses invited by: **5pm on 06 October 2016**

To: enquiries@gasgovernance.co.uk

Representative:	Gareth Davies
Organisation:	National Grid NTS
Date of Representation:	6th October 2016
Support or oppose implementation?	Support
Relevant Objective:	d) Positive

Reason for support: Please summarise (in one paragraph) the key reason(s)

We support this modification as it will allow shipper users who have seasonal energy balancing cost exposure the option to reduce their energy balancing credit cover to reflect this seasonality. Similarly, those shipper users that elect not to utilise this option are free to continue under the current arrangements.

Self-Governance Statement:

We agree that this modification should not be subject to self-governance.

Implementation:

The Transporters Agency has advised that the implementation timescales suggested in the modification seem reasonable.

Impacts and Costs:

None

Legal Text:

Yes

Are there any errors or omissions in this Modification Report that you think should be taken into account?

None identified

Please provide below any additional analysis or information to support your representation
