

Dear Colleague,

2016 December Ad-Hoc Interruption Tender Process – Northern Gas Networks Published Results

Due to the low number of interruptible tenders no DN Interruptible Summary Reports will be published by Northern Gas Networks for the 2016 December Ad-Hoc Interruption Tender.

In accordance with Unified Network Code, Transportation Principle Document Section G (Supplies) Paragraph 6.4.3, the publication of the Summary Report by location (SRL file) is dependent on the award of contracts for at least three (3) Users in a location. This is to ensure a level of anonymity. As only one contract has been awarded, the minimum requirement for publication was not met.

Northern Gas Networks will continue to invite tenders in future years.

Information regarding Contracted Interruption can be found by visiting the Northern Gas Networks website at <http://www.northerngasnetworks.co.uk/your-connections/business/contracted-interruption/>
