
Report for Modification Panel

July 2006

Governance Workstream

Meetings Held

15 June 2006

Planned

20 July 2006, 350 Euston Road

Matters for Panel's Attention

None

Modifications Activity

Modification Proposal Raised:

- 0091 "Extending Uniform Network Code to allow Users to raise Class 3 UK Link modification proposals"
Raised 05/07/06
- 0098 Modification to Codify Emergency Curtailment Quantity (ECQ) Methodology
Raised 11/07/06

Draft Modification Report Issued:

- 0084 "Removal of the SME Role from the UNC Modification Rules"
Draft Modification Report issued 07/07/06, Close-out 28/07/06

Final Modification Report Issued

- 0078 "Variation/Withdrawal of a Modification Proposal"
Final Modification Report issued 15/06/06

Topics Activity

The following Topic was reviewed:

009GOV UK Link Processes

Consideration continued on the desirability of raising a Modification Proposal which would allow Users to raise not only the original change request for a Class 3 UK Link Modification but also the accompanying Modification Proposal. (This has subsequently been raised by Total Gas and Power).

The aspect of providing a test environment for Users to accompany UK Link Changes had been discussed in UK Link Committee and a verbal report was given by the Joint Office. It was agreed that this Topic should be expanded to cover testing and a paper identifying the major issues was requested from the Joint Office..

Governance Workstream – Modification Status Report July 2006
