

Modification Proposal 0112: Relief from Scheduling and Daily Imbalance Charges during the period of UK Link suspension for domestic migration

Ofgas has accepted this modification as urgent.

The impact of UK Link suspension is an issue which should be considered in time for the January Energy Balancing invoices. With this in mind we have agreed the following timetable with TransCo.

Shipper representations by 23 January 1997

Ofgas decision by 27 January 1997
