Dear Colleague,

Modification Proposal 0528: Expand Definition of Restricted User to include other Licensed parties.

Ofgem has considered the request from BG Trading for modification proposal 528, "Expand Definition of Restricted User to include other Licensed Parties" to follow urgent procedures. We do not agree that this modification merits urgent status.

The modification proposal seeks to widen the Network Code definition of Restricted User to include Clearing Houses licensed by the Financial Services Authority or licensed under the Financial Services Act.

Having considered the issues carefully, Ofgem do not believe that there are sufficient grounds to justify urgency. However, we are aware of the potential significance of this modification proposal and would therefore encourage an expedited consultation period.

If you have any queries in relation to the issues raised in this letter, please feel free to contact me on the above number.

Yours sincerely
