Communication Ref	1615.1 - LH - DA
Title	Consolidated Nexus Change Log
Date	03/08/2016

Dear Colleague,

Users have requested a Change Log for Nexus that details any changes identified by Xoserve with the stages they are currently at. The Change Log aims to identify which forum the change is being discussed within, the date of the next upcoming meeting, which forum will be the approval forum and the impacted stakeholders. Any upcoming dates are highlighted bold for visibility.

The log has been created separating any changes out into different sections:

- NEXUS Changes - Pre-analysis
- NEXUS Changes in Industry Discussion
- NEXUS Changes - Awaiting Final Industry Approval
- NEXUS Changes - Approved Awaiting Implementation
- NEXUS Changes Approved - No functional changes - Implementation PNID
- NEXUS Changes - Rejected

Please find the Change Log attached below. We welcome any feedback Users have with regards to the Change Log:

We are proposing to discuss the Change Log at UK Link Committee on 11th August to seek User views regarding whether to utilise this log instead of the UKLC Implementation Plan for all Nexus changes.

If you have any questions related to this communication, please contact me via uklink@xoserve.com

Kind regards
Dave
