

## **ENTSOG requests stakeholders' opinion on the development of draft updated version of AS4 profile and the proposed functionalities for updated version Edig@s**

Dear stakeholders,

ENTSOG and EASEE-Gas carried out a joint [Workshop on Data Exchange](#) on 4 November 2018 in Brussels.

ENTSOG presented the new developments on the AS4 profile v3.6 based on input provided during an AS4 question and answer session carried out at the beginning of 2018.

EASEE-Gas presented the new version 6 of the format Edig@s and the new roles and processes which have been identified during the development of the Harmonised Role Model for gas.

We kindly ask you for your opinion regarding the development of the draft AS4 profile v3.6 and the proposed functionalities for Edig@s v6. The feedback provided will be considered during the finalisation of the development.

The links to the relevant documents are available next to the respective questions within the questionnaire.

We kindly ask you to provide your answers [via this link](#).

The public consultation will be open until the end of 2018.
