UNC Modification Proposal 0680S
– UNC Changes as a Consequence of 'no deal' United Kingdom Exit from the European Union

Dear Bob,

Thank you for your invitation seeking representations with respect to the above Modification Proposal.

Do you support or oppose implementation?

Support

Relevant Objectives:

f) Positive

Reason for support/opposition:

This Modification seeks to facilitate the efficient administration of Code by ensuring that references in the UNC to EU Regulations are appropriately described, including reference to the applicable statutory instruments. Cadent is in support of the proposals as they should ensure that the UNC remains accurate and appropriate for the United Kingdom post Brexit.

Self-Governance Statement:

We agree with the Self-Governance Statement within the Modification Proposal that this is a non-material change to the UNC and can be subject to Self-Governance. This is because the changes are limited to the correction of certain references in the UNC to legal rules and relevant authorities.

Implementation

We concur that this Modification could be implemented as soon as practicable following the UK's exit from the EU.
