Gemini Sustain Plus – Update

Transmission Workgroup

2nd November 23

Latest News

Gemini Sustain Plus Focus Group

- The first Focus Group happened on 25th September and it was really positive to get representatives from over 50 organisations in attendance. The Focus Group provided the first public demonstration of the updated Gemini User Interface. If you attended, there is the opportunity to provide **feedback** to help shape future events
- We will continue to deliver a series of Focus Groups to provide insights to operational and technical developments within the programme including demonstration of screen changes / improvements, enhanced user experience and technical updates as part of the delivery.
- Key dates for your diary
 - **The next Focus Group** - This will be another virtual event to be held on 20th November 2023 and will be split into both business and technical sections. Please register your interest at geminichanges@correla.com
 - **Market Trials** - Q2 2024, it is essential all companies that use Gemini participate in Market Trials. Details and invitation to participate will be issued later this year/ early next year.
 - **Training** - Q2 2024, training will be provided to access and use the updated Gemini system. We are looking for Users that are willing to engage in assisting with external-based Gemini processes to assist creation and development of the e-modules.
- The dedicated webpage [Gemini Sustain Plus \(xoserve.com\)](https://xoserve.com) also hosts a Q&A section which is updated regularly.
