**Subject: CB/939/JS - DN Interruption Summary Files**

Colleague,

The DN Interruption Summary Reports by Location and LDZ are due for issue today detailing the results from the DN Ad Hoc Interruption Tender 2009. The Summary Report By Location (SRL file) relies on there being awarded contracts for at least 3 Users in a location, to ensure a level of anonymity for the successful sites. Due to there being limited number of contracts that were awarded, this criteria was not met and therefore the SRL file cannot be issued. For further information, please refer to the Joint Office Website, link provided below.
