Subject: CB/950/AS - NTS Exit Reform

Colleague,

Further to the update provided at UK Link Committee on Thursday 11th February 2010 the revised external screen pack is still undergoing a review with National Grid Transmission.

Changes are being made to ensure a supplementary spreadsheet is included to identify the changes from the previously approved screen pack. This is being included to ease your review of the document.

Therefore, we are proposing to issue the revised screen pack on Friday 19th February 2010 with representations required by Friday 5th March 2010. A response to any representations received will be issued to all parties on Tuesday 9th March 2010 in order for to gain approval at the next UK Link Committee.

Regards,

Andy Simpson
