EDF	Hazel Doyle	23/12/05	Accept	Yes	None	None
SSE	Cher Harris	23/12/05	Accept	Yes	None	None
SCP	Mark Pitchford	23/12/05	Accept	Yes	But would have liked to have seen the invoice number present within the D38 record. Generally Scottish Power would like to see a consistent format for all invoice files.	This was not included within the original scope and would result in significant system change; therefore we are unable to accommodate this request.
BGT	Graham Wood	23/12/05	Accept	Yes	BGT confirms that they are supportive of all the UKLink changes within the December change pack. However this is with the caveat that the implementation of all five changes are batched and take place in June 2006.	March was proposed as the implementation date as this seemed a sensible bundled release; the indicative implementation date was notified in October where it was indicated that the full UNC Section U notice period may be observed. This was accepted at this time by the committee. We propose to seek approval of the March 2006 date.
