Project Nexus Workgroup
Contact Types & Electronic Address

10th March 2015

Contact Type is the type of association being maintained such as Emergency Contact, Isolation Contact.

Currently there are ten Contact Types, a number of these are historic.

Sites over 732,000 kWh require an Emergency Contact, part of the requested Information includes Contact Type.

Contact Type

Summary	There are 10 different types of contact types currently held on UK Link 4 of the types are valid and being migrated:- EMR, CON, ISC, ISO The remaining 6 are legacy and require cleansing:- INC,INO,TEL,INT,OTH & EME (17,648 affected records) INC & INO were used for the Interruption process which no longer exists. TEL, INT & EME are historic codes OTH was used only once in 1998
Migration Impact	SAP will allow only EMR, CON, ISO and ISC contact type, the remaining contact types will not get migrated.
Design Impact	N/A
Recommended Options	1. **Cleansing of the non allowable values** 2. **Transform during migration to a default value e.g. EMR or CON**

EMR – Emergency
CON – Consumer
ISC – Isolation (person)
ISO – Isolation Organisation

INC – Interruption (person)
TEL – Telephone
EME – Emergency

INO – Interruption Organisation
INT - Invalid
OTH - Other

ELA Type is the Electronic Address Type for contact information.

This method includes Fax, Pager & Telephone

There are currently 7 ELA types held in UK Link.

Four ELA types will be migrated to SAP

Electronic Address Type

Summary	• There are 7 different Electronic Address types currently held on UK Link • 4 of the types are valid and being migrated: • TEL, FAX, PAG or blank • The remaining 3 are legacy and require cleansing: • TEX, BTG & EMR (23 sites)
Migration Impact	SAP will allow only TEL, FAX, PAG or blank as ELA_TYPEs, the remaining will not get migrated.
Design Impact	N/A
Recommended Options	1. **Cleansing of the non allowable values** 2. Transformation to blank at migration but this is not the recommended option

TEL – Telephone
FAX – Facsimile
PAG – Pager
Blank – Blank

TEX – Telex
EMR – Emergency

BTG – British Telecom Gold
