**Subject: EH/723/CP Gemini Warm Standby Disaster Recovery Testing. Outage request  
14th/15th April 2007**

Dear Colleague,

This note is to inform you of the timings of the Warm Standby Disaster Recovery testing being carried out on Gemini. The Disaster Recovery testing has been discussed previously at the UK-Link Committee meeting.

There will be no impact to normal service outside the outage window.

The planned outages for the Disaster Recovery Test are:

Saturday 14th April 2007 04:15 - 10:15 (includes the normal housekeeping window)

Sunday 15th April 2007 04:00 - 10:00 (includes the normal housekeeping window)

If there are any questions regarding the above, please do not hesitate to contact me.

Regards

Caroline Purcell
