Scottish & Southern Energy	Cher Harris	25/05/07	Accept Solution but Reject Implementation date	YES	We support the proposal to transmit this file via the IXN instead of email, however, we are unable to support the proposed reduced timescale for implementation. In IT terms, this proposal is introducing a brand new IX flow and therefore has system impacts. We require 6 months lead time to implement.	Thank you for your comments. We propose there will be an interim arrangement for delivery of these files.
NPower	David Mayne	25/05/07	Accept	YES	We accept this change	Thank you for your comments.
