**Subject: EH/741/JB - IECR Consultation - Supplementary Letter**

Dear Colleague

To ensure a wider circulation of information, National Grid NTS has asked us to resend this to our UNC circulation list - previously it was only sent to those who had requested pricing related information.

There have been no changes to the document.

I apologise to those who have received this twice - but it's probably better than not receiving it at all!

Regards,

John Bradley

Original email:

Dear Colleague

We have been asked by National Grid NTS to notify you that it will shortly publish on its website a supplementary letter to the IECR consultation initiated on 8<sup>th</sup> May 2007. It is intended to highlight a couple of specific issues that respondents may wish to consider and provide comment on.

The web site reference is as follows:

<http://www.nationalgrid.com/uk/Gas/Charges/statements/> .

A copy is also attached.

The deadline for responses to the consultation remains as 17.00 5<sup>th</sup> June.

Regards,

John Bradley
