**Subject: EH/744/GF Planned UK Link Outages weekend of 7th and 8th July**

**22 June 2007 - xoserve notice**

As outlined in my note to the industry on 22 May 2007, xoserve is planning an outage on the UK Link System over the weekend of 7<sup>th</sup> and 8<sup>th</sup> July. The planned outage allows us to carry out essential work in preparation for this year's AQ processing.

The outage will start at 10:00 hrs, Saturday 7<sup>th</sup> July.

The system will be available again at 05:00 hrs, Monday 9th July.

You will receive your data logger information on Sunday 8<sup>th</sup> July via your normal systems route.

Please Note – Gemini, Conquest and IAD are available as normal over the weekend of 7<sup>th</sup> & 8<sup>th</sup> July.

Graham Frankland

xoserve, Customer Manager
