Subject: MP/774/GF – Gemini Outage – 14th October

Dear all

Further to my previous e mail (details attached) I can confirm that the Gemini outage planned for 14th October will go ahead.

Sunday 14th October:

Outage to start at 04:00hrs, and to successfully complete by 10:00hrs.

Line pack and implementation progress information will be provided via ANS.

Kind regards

Graham Frankland
Customer and Communications Manager

EH/771/GF - Gemini Outages 14 and 17 October 2007

Dear All,

As previously notified and agreed with the UK Link Committee there are planned outages on the Gemini system on Sunday 14th and Sunday 21st October 2007. These outages are required to upgrade the Gemini Oracle software, the planned outages are now as follows:-

Sunday 14th October:

Outage to start at 04:00hrs, and to successfully complete by 10:00hrs.

Sunday 21st October:

Outage to start at 04:00hrs, and to successfully complete by 12:00hrs.

Linepack and implementation progress information will be provided via ANS.

Kind regards

Graham Frankland
