Subject: EH/775/GF - Gemini Outage - 21st October

Dear All,

As previously notified and agreed with the UK Link Committee there is a planned outage on the Gemini system for this Sunday 21st October 2007. The outage is required to upgrade the Gemini Oracle software, the planned outage is as follows:-

Sunday 21st October: Outage to start at 04:00hrs, and to successfully complete by 12:00hrs.

Linepack and implementation progress information will be provided via ANS.
