Colleagues,

Further to the e-mail notification on 12th February 2008 giving details of amendments to four file formats, please find attached the approved file formats that relate to the DN Interruption Process. Due to concerns about the close proximity of the system implementation, the UK Link Committee granted formal approval during the meeting on 14th February 2008.

<<PIR File Format Av2.pdf>> <<RFS File Format Av5.pdf>> <<SRL File Format AV3.pdf>> <<SRZ File Format Av3.pdf>> <<BIS File Format AV4.pdf>> <<EPS File Format AV3.pdf>>
