**Subject: EH/877/DA - Representation Pack - 10/10/08**

Dear Colleague,

The following communication is for information purposes following items discussed at the UKLink Committee meeting on the 9th October 2008. I would like to draw your attention to EH/877/DA - 3 - Enduring Transfer & Trades Presentation which will be sent out for representation on the 17th October 2008.

**EH/877/DA - 1 - COR1231 – CSEPs System Change – Change to CRE File Format**  
**EH/877/DA - 2 - SMS Text Message Service**  
**EH/877/DA - 3 - Enduring Transfer and Trades Presentation.**

<<EH/877/DA - 1 -COR1231 – CSEPs System Change – Change to CRE File Format>>  
<<EH/877/DA - 2 - SMS Text Message Service>> <<EH/877/DA - 3 - Enduring Transfer and Trades Presentation>>

If you have any questions regarding any of the communications, please contact myself or the individual project managers identified in each notice.

Regards

David Addison

to CRE File Format

Dear Colleague,

**EH/877/DA - 1 -COR1231 – CSEPs System Change – Change to CRE File Format**

Following issuing options identified for undertaking the change, one response was received rejecting implementation of this change.

The change was discussed at the UKLink Committee Meeting on 9<sup>th</sup> October, where it was agreed to withdraw this change. As a consequence, this change will no longer appear on the UKLink Implementation Plan.

Regards

David Addison

Thread-Topic: EH/877/DA - 2 - SMS Text Message Service

Dear Colleague,

**EH/877/DA - 2 - SMS Text Message Service**

As discussed at the October UK link Committee Meeting, xoserve is seeking contact details of users who would wish to receive notification of late deviations from the UKLink Implementation Plan via SMS message. It is anticipated that this will be used only where an implementation is unsuccessful or has been withdrawn at short notice. It is not intended to be used to notify Users of successful implementations.

The SMS message is intended to provide Users with as much notice as possible in such circumstances, but by the nature of the medium will be unable to convey much detail regarding the reasons for deviation or any potential rescheduling. This message will not constitute a code communication, so where it is issued it will be in addition to the communication described in Uniform Network Code where Users are notified on the business day following a failed implementation (U 8.6.3).

Users wishing to take advantage of the SMS service are requested to provide the name, organisation and mobile telephone numbers of their chosen contacts (note Users are not restricted to single contacts) to the UKLink mailbox at [uklink@xoserve.com](mailto:uklink@xoserve.com).

Should you have any questions or comments on this matter, please do not hesitate to contact me.

Regards

Presentation

Dear Colleague

### **EH/877/DA - 3 - Enduring Transfer and Trades Presentation**

Please find attached the presentation on the Enduring Transfer and Trades project which was given at yesterdays UK Link Committee.

<<UK Link Committe update 20081009.pdf>>

We indicated that we intended to issue the file formats and amended screens at the November UK Link Committee, however these are not available to release today, for representation. To ensure that Shippers are given as much notice as possible we propose to issue them on Friday 17th October 2008, with representation ending 31st October 2008, with the intention to approve these at the November UK Link Committee. If you have any issues in the meantime then please contact Andy Simpson (andy.simpson@xoserve.com).

Apologies that this deviates form the published (Network Code) modification 613 timetable. Should you have any matters regarding the administration of this change that you would like to discuss please contact David Addison.
