Subject: EH/909/KH - COR 1360 NTS Exit Reform Requirements of Modification
195AV - Phase 1 Pack 1 of 3

12/06/2009 16:09

Dear Colleague,

EH/909/KH - COR 1360 NTS Exit Reform Requirements of Modification 195AV - Phase 1 - Pack 1 of 3

Further to the email sent last Thursday and the UKL Committee meeting yesterday, please use the following link www.gasgovernance.com/Code/UNCCSubCommittees/UKLinkCommittee/2009Meetings to the Screen Pack which is published for formal representations. As discussed and agreed yesterday there will be an extended representation period of 15 days (12th June - 3rd July) given the number of screens.

Following receipt of representations, xoserve will consider and then notify the period required to respond (up to a maximum of 5 days). For any of the 13 sections in the screen pack where there are no comments or for those sections which can be responded to within 2 days xoserve will seek to gain approval of these elements at the scheduled UKL Committee meeting 9th July 2009. For those sections requiring the standard 5 day response period; it was agreed that an extraordinary UKL Committee (by t-con) is "pencilled in" for July 23rd.

As mentioned at the UKL Committee meeting 11th June 2009, xoserve expect to hold a 2 week Shipper Trial period during April/May 2009. Can you please advise whether you wish to participate in the Shipper Trial. Further detail will follow once expressions of interest have been received.

If you have any questions that you'd like to raise (ahead of formal representations) please feel free to mail these to uklink@xoserve.com. Alternatively, please contact one of the following:

Karen Healy - Project Officer (0121 623 2751)

Matt Rider - Project Analyst (0121 623 2747)

Lee Foster - Project Manager (0121 623 2748)

Please send representations to uklink@xoserve.com by 3rd July 2009.

Kind regards,

Karen Healy
