All,

UNC Modification 0224 Facilitating the use of AMR in the Daily Metered Regime was implemented on 21<sup>st</sup> November 2010, to assist shippers in understanding DM Elective changes and related DME processes; xoserve has published a DM Elective Technical Readiness Pack, guidance documents on the UK-Link Documentation web site.

The DM Elective documents are available for viewing and can be located in a folder called DM Elective Technical Readiness Pack.

Use the attached link below to launch the UK-Link Documents login page: <https://www.xoserveextranet.com/uklinkdocs/default.asp>
