**MP/932/LC - Modification Proposal 0224 - Facilitating the use of AMR in the Daily Metered Elective Regime - UPDATE**

Colleagues,

Further to the communication "*CB/930/LC - Modification Proposal 0224 - Facilitating the use of AMR in the Daily Metered Elective Regime*", the formal implementation date is planned for Friday, 19th November 2010, to clarify, the first processing of the SPA files with the new gas nomination type code DME will take place on Monday, 22nd November 2010.

The file formats were approved at the April 09 UK Link Committee meeting, but the implementation date is yet to be formally agreed.

It is our intention to agree the above implementation date at the November 09 UK Link Committee meeting.

User comments are invited by Friday, 6th November 2009 on this matter, please provide comments, by reply to this email address (uklink@xoserve.com).

Users are asked to note that this implementation date is outside the UK Link Release schedule, due to the need to reflect the requirements of the Operations Billing schedule within the delivery plan.

Should you have any questions regarding this communication, please do not hesitate to contact the Project Manager assigned to this change:
