**1. Review of Minutes and Actions**

Opening the meeting, BF explained that the Proposer, C Warner of National Grid Distribution had requested that consideration of this modification is deferred until the April 2015 meeting due in part to the impact of the Xoserve consultation on the potential deferral of Retrospective Adjustments and Unique Site within the UKLP (including Shared Meter Supply Points).

In the absence, of C Warner, those present agreed to defer further consideration of the Workgroup business.
