NR/151/ZK - Final Reminder - Planned Gemini Entry Capacity System outage contingency - 18th and 19th August

17th August 2005

Dear Colleague

This is the final reminder that the contingency dates for the planned outages for the Gemini Entry Capacity system (Gemini EC) are being invoked this week. This forms part of Disaster Recovery testing being carried out by the Gemini Project prior to implementation in October. The outages have been approved by the UK-Link Committee.

The outages will be:

18 August 2005 02:30 - 08:30

19 August 2005 02:30 - 08:30

The 07:00 WDDSEC auction will be delayed until 10:00 on both days. The auction time will be confirmed by GNCC Control Room via ANS message when the system returns from outage. Contingency forms should NOT be used during the planned outage.

GEMINI ENTRY CAPACITY WILL BE UNAVAILABLE FROM 02:30 - 08:30 ON 18TH AND 19TH AUGUST 2005

Should you have any queries regarding this, please do not hesitate to contact me.

Kind Regards,

Zena
