NR/486/MR - File Formats for CR13618 - For Approval

17th June2005

Dear Colleague

Please find attached copies of the file formats that are amended as a result of CR13618 "Network Code Reading & Customer Transfer Programme Modifications".

These file formats are being issued for formal representations.

Please also find attached a copy of the presentation regarding these changes that was given at yesterday's UK-Link Committee meeting.

Regards

David Addison

xoserve Project Manager
