NR/507/DA - UKL13664 Representation Response, UKL13660 Comment Response

Dear Colleague,

Thank you for the responses regarding UKL Changes 13664 and 13660.

Representations received for Change Request 13664 "EU VAT Directive Compliance" were all favorable, so shall seek ratification of the Implementation Plan at November UKLink Committee Meeting.

With reference to Change Request 13660 "Amendment to the 'Portfolio Effective Date' field within the DPS file" the representation matrix is attached. A change to the DPS file within the UKLink Manual would require consensus from Users at UKLink Committee. From the representations received there is not consensus support for this change. It is proposed that this change is formally withdrawn at the November UKLink Committee Meeting.

Should you have any questions regarding the matters raised in this note, please do not hesitate to contact me.

Regards
