NR/590/DA - SPA File Rejection Reason Code List

Dear Colleague,

There are no File formats for representation this month, the following subject below is for your information.

Please find attached revised SPA Amalgamated Rejection List which ensures that the UKLink Manual is aligned with rejection codes that may be passed to external Users.

This was discussed briefly at the January UKLink Committee, but this is considered to be a change to the UKLink Manual only, but previously changes of this nature have been flagged for information on the Implementation Plan for visibility. Should Users require the implementation plan to be updated, please send comments to this effect to: uklink@xoserve.com.

<<SPA File Rejection Reason Codes V13.pdf>>

Many Thanks
