NR/659/DA - CR13785 - Re - issue of UPN (P18) superseded by version 2 - Pack2 of2

Dear Colleague,

It has been identified that the UPN (P18) version 1 Live that is currently displayed on the UKLink Docs Extranet is not the correct version of this record.

This version was superseded by version 2 which was issued on 23rd January 2004 and approved by committee members. When the file was uploaded at implementation the latest version of the record was not uploaded.

This change is considered as a documentation only change and as such it is proposed that it will be implemented as a Class 1 change, and the UKLink Manual updated as soon as possible after comments from Users have been received. Should you wish to provide any comments on this matter, please provide these to uklink@xoserve.com no later than 29th September 2006.

<<P18 UPN File Format V2 Draft.pdf>>

Many Thanks
